Aid & Relief

The image features a low-angle, upward-looking perspective of industrial machinery. On the left, a white, multi-level structure with railings and pipes rises against a clear blue sky. On the right, a large, blue-painted metal gantry or crane structure is visible, with various beams and supports. A semi-transparent blue horizontal band runs across the middle of the image, serving as a background for the text. The overall scene is brightly lit, suggesting a clear day.

SERVICES

WORLDWIDE AIR SERVICES

FREIGHT FORWARDING SERVICES

- Consolidations moving in all major trade lanes
- Consol or back-to-back

JAS SUPPLY CHAIN TOOLS

- JAS Track
- Order Management
- W.M.I.
- E.D.I. Implementation
- JAS ANALYTICS

SERVICE STANDARDS

JAS ADDED VALUE

01

One System

- One single database for all JAS transactions globally
- One single platform for both our clients and our operation
- JAS is one of the few forwarders that achieved this

02

One Global File

- Shipments updates are done both at origin and destination on the same file
- 'Real Time' visibility by all parties

03

JAS' Core business is FREIGHT FORWARDING

- JAS is one of the few companies whose core business is the movement of your cargo internationally.
- JAS provides first and last mile operations including custom clearance/compliance and distribution, but mostly in conjunction with air and ocean freight moves.

THANK YOU!
